

Cookie Policy

Use of cookies and similar technologies on 1up.tech

Effective Date	August 20, 2026
Last Updated	August 20, 2026

This Cookie Policy explains how 1 Up Tech, LLC (“1 Up Tech,” “we,” “us,” or “our”) may use cookies and similar technologies when you visit 1up.tech. It should be read together with our Website Privacy Policy.

1. What Cookies Are

Cookies are small data files stored on or accessed from your device when you visit a website. Similar technologies can include local storage, pixels, tags, scripts, and server logs. These technologies can help websites function, remember preferences, maintain security, and understand usage.

2. Categories We May Use

Depending on the Website configuration and features in use, we may use the following categories:

- Strictly Necessary and Security — technologies needed to operate the Website, maintain sessions, route traffic, prevent abuse, and protect Website security.
- Functional — technologies that remember settings or choices and support optional Website features.
- Analytics and Performance — technologies that help us understand Website traffic, page performance, and how visitors interact with Website content.
- Integration or Third-Party — technologies associated with embedded or linked services, such as scheduling, media, support, payment, social media, or other external functionality.

3. Third-Party Technologies

Some Website features may be provided by third parties. Those providers may place or access cookies or similar technologies according to their own privacy practices. The technologies actually used may change as Website vendors and features change.

This policy does not authorize a third party to collect information beyond what is permitted by our configuration, agreements, or applicable law.

4. Your Choices

You can usually configure your browser to block, restrict, or delete cookies. Some browsers also provide privacy controls for tracking technologies. Blocking strictly necessary cookies may cause portions of the Website to function incorrectly.

Where the Website provides a cookie preference or consent tool, you may use it to manage the categories presented through that tool. Your choices may need to be renewed if you clear browser storage, use a different browser or device, or if the Website’s cookie configuration materially changes.

5. Analytics and Advertising

We may use analytics technologies to understand Website performance and usage. We do not represent in this policy that 1 Up Tech engages in the sale of personal data or targeted advertising through the Website.

If we introduce technologies that require additional disclosure, consent, or opt-out rights under applicable law, we will update our notices and controls as appropriate.

6. Cookie Duration

Some cookies operate only for the duration of a browser session, while others may remain for a defined period or until deleted. Duration depends on the purpose and provider of the technology.

7. Changes to This Policy

We may update this Cookie Policy when Website technologies, vendors, legal requirements, or our practices change. The current version will be posted with an updated “Last Updated” date.

8. Contact Us

Questions about cookies or Website privacy may be directed to 1 Up Tech, LLC, P.O. Box 2291, Slidell, Louisiana 70459, by telephone at (985) 259-7835, or through the contact options available at 1up.tech.
